EXHIBITS

MOBILE DAIRY CLASSROOM

Did you know that Chocolate Milk is the NEW sport drink for athletes. Come and learn about the nutritional importance milk adds to your life. See a real cow being milked; where milk really comes from and the positive interaction of dairies and our environment.

SOFT WARM COTTON

Have you ever seen a cotton gin in operation? Now is your chance! Learn how cotton is processed from field to fabric. Kids will be amazed when they are reminded that the cotton growing in the fields, is what makes the clothes they wear and enjoy everyday.

WATER - A PRECIOUS RESOURCE

Water, water everywhere - did you ever stop to think, how important water is - other than to drink.

Water is an important part of everyday life and is used today as never before. This exhibit demonstrates why it must be conserved and the many environmental factors that effect water quality.

FRESH FROM THE FARM

Health and nutrition, agriculture and the environment are part of our life EVERYDAY! From the food we eat to the pillow we sleep on! Hear how eating a variety of fresh vegetables and fruits makes us comfortable and happy!

WHAT DO YOU DO WITH GOATS?

Learn about Goats and their importance in our lives. Observe the breeds and how their wool is manufactured into clothing.
